Why *FLEX*, Why Now?

Bring back laid-off or furloughed employees, attract and hire new talent. *FLEX* allows you to hire and retain your top talent while minimizing your risk and exposure. Let DirectedLINK help you maintain your workforce, so you can run your business.

Reduce Costs

FLEX onboards and manages your workforce for you. We take on the legal responsibilities of the employer. We handle payroll, taxes and deductions. You will have a dedicated HR department to handle employee complaints and other issues.

We onboard new employees. You avoid the hassles of interviews, training, background checks, drug testing and E-verify. As the employer of record, *FLEX* does the paperwork. We track timekeeping, paid leave, 401Ks, insurance, holiday and travel pay.

We offer a wide range of benefits so your existing employees can maintain their same level of benefits. We can add new employees to quality insurance plans using our overall employee base to negotiate discounts.

Let *FLEX* manage your workforce so you can focus on your clients
